1 Methodology & Respondents Profile

Background and Introduction

The Bolsover District Citizen Panel was established during summer/ autumn 2003 and is organised by a partnership between Bolsover District Council, Derbyshire County Council and Derbyshire Police.

In February 2009 Bolsover District Council conducted a postal survey with Bolsover Citizens Panel on one topic:

- The future management of the Bolsover Citizens' Panel

This report presents an analysis of the responses received.

Once published, all reports are available to view and download at the Council's consultation website www.askderbyshire.gov.uk.

Methodology

Mail out and response rate

The questionnaire contained 2 sides of questions.

In total 1000 questionnaires were posted out and respondents were given until Saturday 13 March to return responses. Each survey was accompanied by a covering letter and newsletter.

541 were returned from a mail out of 1000 giving a response rate of 54% overall. 8 surveys were received too late to be included in the analysis.

Given a District population of 55,778 residents aged 18+ (2001 population census), and with the response rate to this survey, then with a 95% confidence level, the margin of error is +/- 4.2% where a response to a question is 50%.

Profile of respondents

The information in this section compares the profile of respondents to this survey with the District as a whole at the time of the 2001 Population Census. This helps indicate how representative the findings are and should be taken into consideration alongside the results.

Table 1 Profile of Respondents

Respondent Characteristic	Respondents to survey %	% Population Figures (2001 Census)
<i>Gender</i>		
Male	50.7	49.1
Female	49.3	50.9
<i>Age Group</i>		
16-17 years	0.7	3.1
18-24	2.4	8.3
25-34	8.4	17.4
35-44	17.3	18.7
45-54	22.0	16.3
55-59	13.8	8.1
60-64	12.3	6.4
65-74	16.8	11.6
75 & over	6.3	10.1
<i>Ethnicity</i>		
White British or Irish	99.3	98.6
Ethnic Minority (including white-other)	0.8	1.4
<i>Housing Tenure</i>		
Owned or mortgaged by you/family	86.3	69.3
Council Property/ Housing Association	10.7	20.8
Other	30	9.9
<i>Car Ownership</i>		
None	8.7	27.5*
One	45.1	44.7*
Two or more	46.1	27.8*

* Calculated as a percentage of the total number of households in the District.

Responses to this questionnaire are over representative of the 45-74 age group and slightly under representative of the 16-34 and 75+ age groups as compared to the age profile of the District at the time of the 2001 population census.

There are a higher proportion of multiple car owners and house owner occupiers amongst respondents to this survey than the population of the District as a whole.

The chart below illustrates the proportion of ward areas that respondents to this survey live in as compared to the proportion of the population aged 18+ that lived in each ward at the time of the 2001 population census. This shows that residents of Bolsover North West, Shirebrook Langwith and Elmton-with-Creswell are under represented in this survey and Bolsover West and South are slightly over-represented.

2. The future management of Bolsover Citizens' Panel

Introduction

In December 2007, 68% of respondents to the survey indicated they would be willing to take part in an annual conference to discuss how the Citizen Panel could be improved and receive feedback on actions arising from the information that respondents provided. Some panel members said although they may not be able to attend, they would like to have an input. This survey sought to measure the views of all panel members on suggested changes sent in by panel members in June 2007. The results will be used to change how the panel is run.

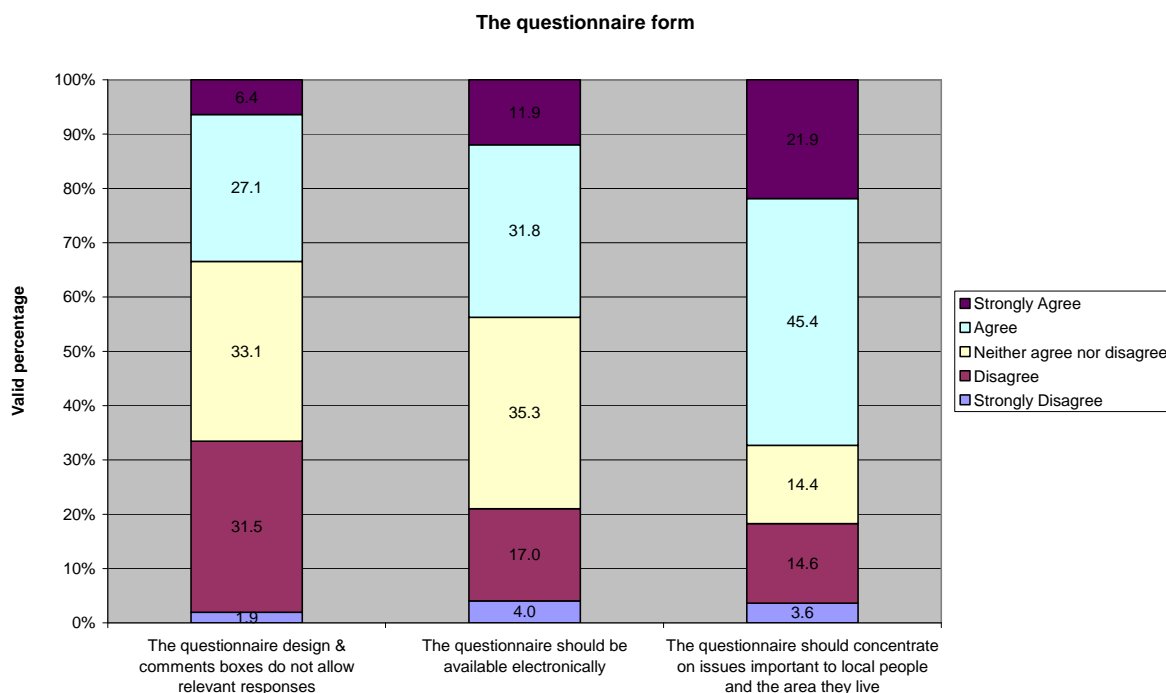

Summary

- Consultation run with Panel members should focus on issues important to them.
- The Viewpoint newsletter is valued by the majority of panel members. It was felt that the newsletter should contain more pictorial statistics, a feature on frequently asked questions and that outcomes should be publicised more widely.
- Support for an annual conference had reduced.

Headline Results

Questionnaire Forms

Three questions focused on the questionnaire forms, 67% of respondents agreed that questionnaires should focus on issues important to local people and where they live. 44% felt that surveys should be available electronically. 34% felt that the questionnaire design and comments boxes do not allow relevant responses.

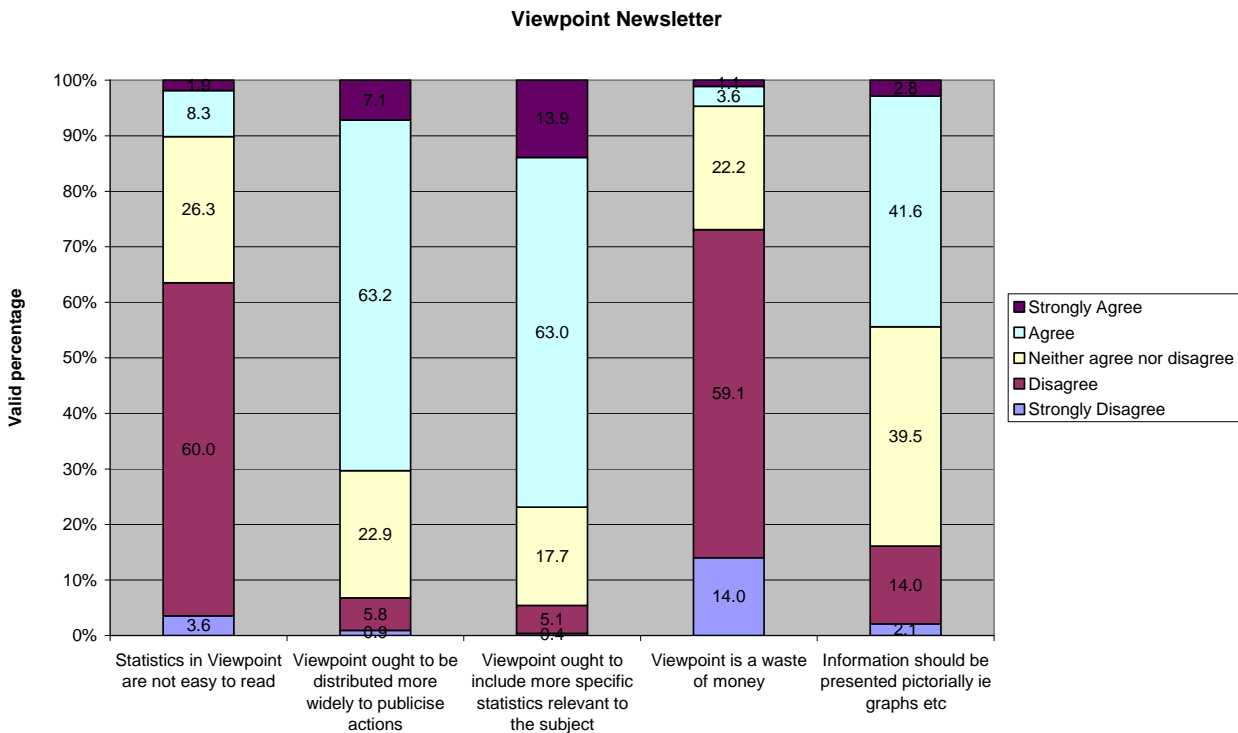

Response Rates

36% of respondents agreed that there should be more prize draws as a reward for taking part and improving response rates.

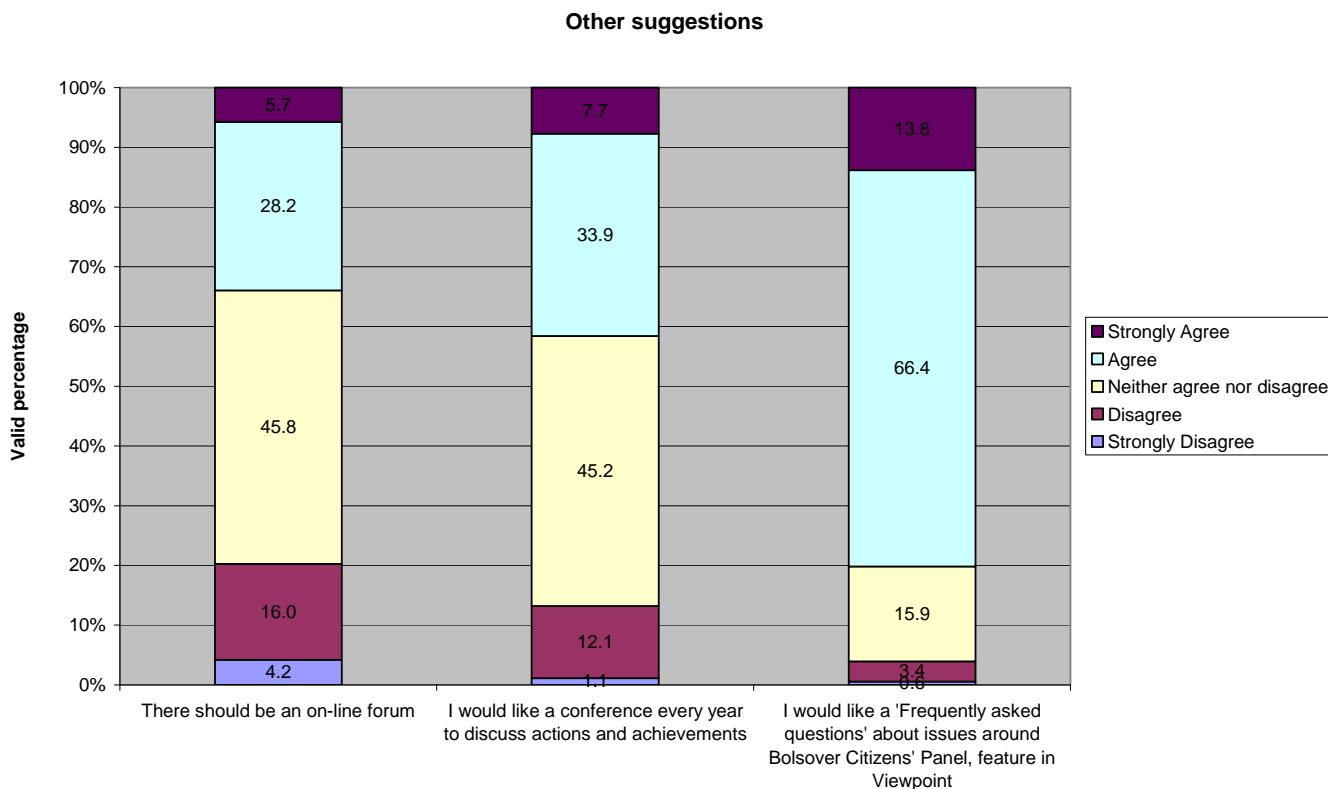

Viewpoint Newsletter

There was strong feeling that Viewpoint ought to be distributed more widely to publicise outcomes (70%) and it ought to include more specific statistics relevant to the subject (77%). 44% thought that information should be presented pictorially e.g. graphs. Only 5% of respondents thought this newsletter was a waste of money and only 10% thought the statistics were not easy to read.

Other suggestions

80% of respondents agreed there should be a feature on 'frequently asked questions' in Viewpoint. 42% of respondents said they would like to attend an annual conference to discuss actions and achievements (in the December 2007 survey 68% said they would definitely or probably attend) and 34% thought there should be an on-line forum.

A comments box was included to allow Panel Members to make other suggestions for improvements to the panel, 81 people made suggestions:

- 17 people suggested that accessible meetings be held- it was felt these should be very local or the venues alternate so people without personal transport could attend. Meetings times should also be convenient for people who work.
- 9 people commented regarding the questions topics- they wanted more influence over question topics and/or more of a range of questions.
- 8 people raised issues about electronic surveys- people felt they would like the option of completing electronic surveys but appreciating some people would prefer to receive paper copies.
- 8 people said they would like more space to write comments within the surveys.
- 7 people included a wide range of comments on the Viewpoint newsletter.
- 5 people thought the panel members might like to receive other community related information e.g. about parish councils, emergency phone numbers, clubs and organisations and what is being done to improve the local area.
- 4 people suggested the wording of questions could be improved and one suggestion was for a resident's panel to design the questionnaires.
- 3 people were interested in seeing a breakdown of respondents- these are provided in the full report which is available on the Council's website.
- 2 people said there should be a cull of non-respondents.

There were nine other individual comments. All comments are detailed in the results section.

Recommendations

1. Panel members should be surveyed on topics of interest to them in order that in future sub-groups of panel members can be invited to take part in consultations on topics of interest to them.
2. Aim to introduce surveys that can be completed electronically for those people who wish to.
3. Pilot the questionnaire surveys thoroughly and consider asking panel members to identify which questions they feel haven't allowed them to answer with a relevant response at the Citizen Panel Conference.
4. Introduce a prize draw if responses drop below 50% and monitor the impact this has on response rates.
5. Increase the circulation list for the Viewpoint newsletter and also look at other ways the actions can be publicised e.g. via press releases and Council newsletters.
6. Include more statistics within Viewpoint represented graphically and also publicise more visibly to panel members where they can find a copy of the full report which contains detailed statistical information.
7. Include a section in Viewpoint on frequently asked questions/ points raised through the Citizens Panel which do not relate directly to the panel survey questions.
8. Consider whether or not to hold an annual conference.

Other suggestions for improvements to the Bolsover Citizens' Panel	
LUCKY TO HAVE VIEWPOINT POSTED AND QUESTIONNAIRE IT KEEPS IN TOUCH WITH LOCAL PEOPLE	Viewpoint
ONE SHOULD INFORM THE PUBLIC OF THE COST OF VIEWPOINT ETC AND WHERE IS THE MONEY TAKEN FROM E.G. COUNCIL TAX?	Viewpoint
RE VIEWPOINT - STATISTICS AND BASIC INFORMATION CAN BE PERFECTLY ADEQUATE IN BLACK AND WHITE. NO NECESSITY FOR SHADED ART WORK. NUMBERS ARE MORE RELEVANT THAN PERCENTAGES.	Viewpoint
SPEND THE MONEY ON REPAIRING THE ROADS AND IMPROVING ROAD SAFETY INSTEAD OF VIEWPOINT	Viewpoint
THE GRAPHICAL PRESENTATION OF THE BOLSOVER LSP PIE CHART WAS POOR. IT MAY HAVE HELPED TO KEEP THE PIE IN TACT AND THEN WRITE THE PERCENTAGES IN THE SLICE	Viewpoint
THE NEWSLETTER SPINS FIGURES. UNDER SATISFACTION IT PROUDLY PRESENT 39% OF ALL COMPLAINTS AS SATISFACTORY HANDLED - AN IMPROVEMENT OF 3% - WHAT!! 3%! IT IS HERE NOR THERE. THE OTHER WAY YOU COULD PUT IT IS TO BE HONEST AND SAY 61% OF PEOPLE WERE NOT HAPPY	Viewpoint
THE VIEWPOINT NEWSLETTER SHOULD CONTAIN THE STATISTICS FROM THE RESULTS OF THE SURVEY AND THEN SHOULD SHOW WHAT ACTION IS BEING TAKEN TO ADDRESS ANY ISSUES THAT HAVE ARISEN	Viewpoint

Other suggestions for improvements to the Bolsover Citizens' Panel	
APPEARS THAT EXPECTED THAT MOST PEOPLE ARE IN POSSESSION OF A COMPUTER. I DO NOT HAVE ONE SO CANNOT CORRESPOND. WOULD LIKE AN ANSWER PHONE TO CONTACT, ALSO WOULD LIKE A BOX TO TICK TO INDICATE OVER 65 YRS OF AGE ON FORMS	Electronic survey
GIVE PANEL OPTIONS EITHER BY MAIL OR ELECTRONICALLY HELP SAVE ON POSTAGE AND PAPER	Electronic survey
I FIND MOST OF THE QUESTIONS ASKED THIS TIME, NOT EVERYONE HAS ACCESS TO COMPUTER, BUT IF INTERESTED IN LOCAL EVENTS ETC WOULD TAKE THE TIME OUT TO FIND INFORMATION.	Electronic survey
I THINK IT IS VERY IMPORTANT THAT INFORMATION/QUESTIONNAIRES ARE AVAILABLE ELECTRONICALLY. IT CUTS DOWN ON COST AND ADMINISTRATION AND IS EASIER FOR PEOPLE TO COMPLETE IE BETTER RESPONSE RATE	Electronic survey

I USE EMAIL EVERYDAY AND APPRECIATE A PAPERLESS SOCIETY IS MORE SUSTAINABLE. NEVERTHELESS, I MUCH PREFER QUESTIONNAIRES AND LETTERS/NEWS IN WRITING ON PAPER - TO READ AND COMPLETE OVER A CUP OF TEA. ON EMAIL, IT WOULD GET LOST IN THE SPAM.	Electronic survey
IM SURE IT WOULD BE CHEAPER TO DO VIEWPOINT AND QUESTIONNAIRE ON LINE	Electronic survey
MORE ON LINE INFORMATION	Electronic survey
ON LINE FORUM IS A GOOD IDEA BUT WE ARE NOT ABLE TO USE COMPUTERS	Electronic survey

Other suggestions for improvements to the Bolsover Citizens' Panel	
A SMALL LIST OF EMERGENCY PHONE NUMBERS IE GAS, ELECTRIC, POLICE DIFF AREAS HOSPITAL AND BOLSOVER OFFICE	Publicity about other community information
FINDING MORE NEWS ABOUT PARISH COUNCILS UNDER BOLSOVER DISTRICT COUNCIL	Publicity about other community information
IS THERE A WEBSITE WITH VIEWPOINT NEWS AND DISCUSSIONS, INFO ON WHAT HAPPENING ETC?	Publicity about other community information
MORE INFORMATION ON LOCAL COMMUNITIES REGARDING WHATS BEING DONE TO IMPROVE WHERE WE LIVE AND JOBS	Publicity about other community information
WOULD BE USEFUL TO HAVE LIST OF CLUBS/ORGANISATIONS SET UP WITHIN BOLSOVER DISTRICT COUNCIL AREA AS NOT ALWAYS AWARE OF THINGS GOING ON UNTIL ITS TOO LATE. WOULD HELP NEWCOMERS TO THE AREA	Publicity about other community information

Other suggestions for improvements to the Bolsover Citizens' Panel	
NOT COMMUNITY ASSOCIATION - RESIDENT PANELS DESIGN YOUR QUESTIONNAIRES FOR YOU - IN PLAIN UNDERSTANDABLE ENGLISH	Improve wording of questions
QUESTION PUT MORE PLAINLY OR EXPLAINED TO THE POINT.	Improve wording of questions
THE THIRD PART OF THE FIRST QUESTION IS AN EXAMPLE OF THE FIRST PART - 15-20 MINS WALK MIGHT BE 1½ MILES FOR SOME YET NO DISTANCE FOR THE DISABLED, WEAK AND ELDERLY.	Improve wording of questions
TO ENABLE THE PANEL TO BE ABLE TO ANSWER THE QUESTIONS TRUTHFULLY, THE QUESTIONS SHOULD BE WORDED PROPERLY TO GET A CORRECT RESPONSE. QUESTIONS TOO RIGID. THE BOXES DO NOT REFLECT A CORRECT REPLY TO QUESTIONS	Improve wording of questions

Other suggestions for improvements to the Bolsover Citizens' Panel	
A BREAKDOWN OF MALE/FEMALE/AGE GROUP/POSTCODE OF THE C/P PARTICIPANTS	Breakdown of respondents
COULD YOU LET US HAVE SOME INDICATION OF THE AGE RANGE OF RESPONDENTS/PANEL MEMBERS PLEASE?	Breakdown of respondents
YOUNG ARE CITIZENS - HOW MANY OF YOUTH ARE MEMBERS? (YOUNG IDEAS)	Breakdown of respondents

Other suggestions for improvements to the Bolsover Citizens' Panel	
IN ORDER TO BRING ABOUT A BETTER SERVICE TO THE COUNCIL - A RESPONSE RATE OF 70% SHOULD BE EXPECTED. AFTER THREE NO RESPONSES, THE PANELLIST SHOULD BE REMOVED FROM THE RESERVE LIST	Cull of non-respondents

Bolsover Citizens' Panel - representing all wards in the District of
Bolsover

Questionnaire 19 – February 2009

Dear

Please find enclosed the nineteenth Citizens' Panel questionnaire for you to complete and a copy of Viewpoint to keep you up to date with current news for the Panel.

The February survey covers just one topic – **the future management of Bolsover Citizens' Panel.**

Please fill in the questionnaie as soon as possible, and return it in the FREEPOST envelope provided by Saturday 13th March 2009.

Please bear in mind that we treat your answers in the strictest confidence. The questionnaire is scanned straight into a computer and responses are treated anonymously, not looked at individually. The Citizens' Panel number on the front page helps us to maintain your contact details only.

If you change your address or any other contact details please let me know by including the details on a separate piece of paper with your completed questionnaire, or by contacting me directly.

If you have any difficulties filling in this questionnaire, please contact me on 01246 242300, between Monday to Friday 9 a.m. – 5 p.m.

Thank you very much for your continued support in providing us with your views, this enables us to improve local services for all residents of the District.

Yours sincerely

The future management of BOLSOVER CITIZENS' PANEL

**Please return the completed questionnaire by
Saturday 13th March 2009**

In June 2007, 68% of respondents to the survey indicated they would be willing to participate in an annual conference to discuss how the Citizens' Panel could be improved and also to have feedback on actions arising from the information respondents had provided. Some respondents suggested improvements to the management of the survey and others indicated that, although they may not be able to attend, they would like the opportunity to have some input into the conference. This quick survey is to capture those comments so that all panel members have the chance to shape the Citizens' Panel prior to a conference being held. Please take a few minutes to complete this survey. Thank you.

Below is a list of suggestions sent in by panel members. To what extent do you agree with these statements? (Please X one box on each row)

A big **thank you** again for your continuing support. 588 of you responded to our November 2008 Citizens' Panel Survey, giving a response rate of 59%. This is a great response rate for the time of year.

Prize Draw Results

Prize draw results

You will remember that we offered a prize draw in the November 2008 survey as a thank you for your continuing support, with three prizes of £40, £20 and £10 in High Street vouchers.

The draw took place on Monday 8th December and was administered in line with the 'Market Research Society Regulations for Administering Incentives and Free Prize Draws, January 2008' that is, an observer, independent to the organiser, supervised the prize draw to ensure that all participants had an equal opportunity of winning.

The three lucky winners came from Bolsover, Whitwell and South Normanton. Well done!

Annual Conference - future of the panel

In preparation for an annual conference, the February Citizens' Panel survey will be devoted entirely to your view of how the Citizens' Panel and surveys can improve. Some of the respondents from our previous surveys suggested improvements and others indicated that, although they may not be able to attend, they would still like to have their views heard. It is very important to hear your views, so please complete and return your form!

Communications

In November 2006 we ran a survey asking your views of the Council's newspaper 'Intouch'. The results from the November 2008 survey demonstrate how communication with citizens has improved since then.

You said...

“76% (445 people) of residents reported seeing a copy of ‘Intouch’ newspaper compared to 52% in November 2006.

Only 19% of respondents said they had not seen a copy compared to 44% in 2006.

Of those who had seen a copy, 61% of people said they had read most of it, with only 5 people saying they did not read it.

72% of residents felt that the Council keeps them well informed, up from 66% in 2006.

In terms of ways to improve communication with residents, traditional communication channels remain most popular, text messages were the least popular, as 62% of you thought they would not help at all.”

We listened and...

although these results are encouraging we promise to monitor future delivery of ‘Intouch’ to all residents and undertake further research to find out why recognition of ‘Intouch’ is low in some areas.

Satisfaction with complaints handling

You said...

“39% of those who had made a complaint within the last twelve months were satisfied with the way their complaint was handled, this represents an improvement of 3% when compared to the results in 2006. Measuring satisfaction with complaints handling is difficult as it is not easy to separate requests for council services such as a noise complaint (dogs barking) from dissatisfaction with the way the Council has administered its services, for example, bin not emptied, not being kept informed about a council service.

Reporting complaints by telephone (53%) remains the most popular contact method and has increased by 5% when compared to the results in 2006. Both reporting complaints in person and in writing has reduced in frequency (by 3%) when compared to 2006.

The most frequent reason for making a complaint was ‘council service not provided’ at 21%. Both ‘not being kept informed’ and ‘council document not clear’ has increased in frequency since 2006.”

We listened...

and we will continue to monitor satisfaction with complaints handling both informally (by telephone and in person) and formally (in writing). This will be done by looking more closely at the reasons why customers contact the council especially where this contact could have been avoided (not being kept informed, unclear document) and to identify where improvements could be made. We will also continue to survey customers who make a written complaint.

Noise Occurrence

As the questionnaire was sent out in November, just after bonfire night, there was a possible impact on the ‘noise occurrence from fireworks’ figures. From the results the survey shows that while there may not be a serious problem from noise occurrence in Bolsover district, results do vary slightly by ward.

The most common problems you consider to be serious were fireworks at 17% (95 respondents), with transport noise and motorsport (trial bikes) at 15% (81 respondents) and 12% (69 respondents) respectively.

We act on any reported instances of noise nuisance and will continue to monitor and identify any areas for concern. To report a problem, please call the Contact Centre on 01246 242424.

Would you like to take part in on-line surveys?

Bolsover District Council, North East Derbyshire District Council and Erewash Borough Council have a website www.askderbyshire.gov.uk that gives you this chance.

The site contains details about all the consultations that each of the three authorities is undertaking. Anyone can register their interest in a specific consultation or in a range of different topics like crime and community safety or the environment. You will be sent an e-mail whenever a consultation that you have registered an interest in is about to start.

Equality Panel - latest!

The first meeting of the newly formed Equality Panel took place in November 2008 at Bolsover District Council. The Panel was made up from members of the panel willing to take part in meetings or forums. At the meeting, the Equality Panel was informed that the Council had recently achieved Level 3 of the Standard, and although this was a success for the Council, there was still work the Council needed to do with regard to equalities.

The group identified a number of equalities issues including:

- Bins left on paths, cutting down on access. The panel recognised that this was both by residents before emptying and by operatives after they return them
- Cars parked on the roads/ half on and off kerbs were causing access issues for ambulances/ buses etc
- Shortage of lowered kerbs for wheelchairs users
- Making a complaint in writing if you have problems (e.g. dyslexia)

- Information regarding assisted services not communicated well
- Poor street lighting
- Wheelchair access to other organisation buildings
- More public toilets (with attendants to prevent vandalism) – or have agreement with businesses for members of the public to use their toilets

A report of these issues has been put forward to the Council's Equalities Service Development Group, which monitors and develops existing and new services provided by the Council, and also sent to the relevant partner organisations.

The next meeting of the Equality Panel will take place on 27th February 2009. If you have any suggestions for improvements to access services which you would like the panel to discuss, please contact Ann Bedford, Customer Service and Performance Department, Bolsover District Council, Sherwood Lodge, Bolsover, S44 6NF or by telephone on 01246 242300.

Bolsover Local Strategic Partnership

Bolsover Local Strategic Partnership (LSP) first asked these questions in November 2006 and wanted to continue monitoring local residents' awareness of their organisation, their logo and brand and the different initiatives they have been involved in.

The results showed that awareness about Bolsover LSP is growing, with 49% of people aware of its existence and 35%, up from 20% in 2006, recognising its logo. Personal, 'through the letter box' correspondence seems to be the most effective means of publicity with most people having been made aware of the LSP through the previous Citizens' Panel questionnaires (November 2006) or through the LSP newsletter.

Derbyshire Arts Development Group

In May 2008, we asked a series of questions regarding Derbyshire County Council Cultural and Community Services. 70% of those who responded said they were interested in arts events in general, however when asked what barrier there was in going to

events, 35% quoted that it was difficult to find the time and 33% were put off by the cost. The most popular way to take part in arts events (both within and outside of the County) was to be part of the audience, (63% and 62% respectively).

An overwhelming 81% of respondents agreed that arts events are a good thing with 78% finding them entertaining.

27% of respondents had taken part in a sport or activity as a member of a club in the four weeks preceding the survey. 39% of those who responded were satisfied with the sports provision in the local area.

The results from this survey will be used for service development and analysis of trends since the last survey.

Panel Recruitment

We are very lucky to have a 1,000 strong panel in Bolsover district who are representative of the district's profile.

However, due to people moving away from the area, or just wishing to retire, we are looking to recruit more members to the Reserve Panel.

If you know of anyone who is interested in making their views known, would like to help shape future services and are willing to participate, please ask them to contact Ann Bedford, on 01246 242300 or e-mail enquiries@bolsover.gov.uk

Don't forget, please fill in your survey and return to us by Friday 13th March 2009!

Full reports of the findings of each survey are available from www.bolsover.gov.uk. > Council, Government and Local Democracy > Consultation > District District Citizen's Panel.
